

Do-gooder

A mere lad you found your lot
Guaranteeing a heavenly spot.
When cow to bull you brought
The Samaritan's prayers you got.

Over the years you have been helping
Individual and families a moving.
A curse on self and others for relocating
Friend with a pick-up was a needing.

You even installed roofing and flooring
Garage floor pouring and trowelling,
Let's not forget the garage cleaning.
Plumbing and central vac installing,

Altar boys cross a fabricating.
Bag of groceries for Food Bank a handling.
With children bags are overflowing.
Building deck or only renovating.

Outdoors your talents were using
When it was time and you felt a calling
The seed needed planting
The crop needed harvesting.

A northern road you went a travelling
Two farmers were retiring
Machineries needed servicing
And selling and you were a helping.

Work smarter as you were cautioning
Not harder as you were proceeding
To baseboards a replacing
A dryer and fridge a cleaning.

Doors a hanging, closet building
Eaves replacing and stucco a cutting,
Floor and wall holes a filling.
The basement a rewiring.

Even now you're a sanding
Sometimes even ironing
For wings you are building
Gluing for planes a flying

Always out by one sixty-fourth of an inch.
Ambidextrous so it is a cinch
You're a perfectionist, so to clinch
Invoke higher power when in a pinch.

Love,

The laundress
who shrinks
your clothes
